23.	Ms. Raisa George A Study on Customers Satisfaction and Awareness on Digital Payment Systems at Kottayam District in Kerala	282

EDITORIAL

The publication is essential to disseminate the findings of research and evidence for practice, communicate knowledge, share expertise, and inform others of the recent initiatives and innovations developed. It is always a pleasant opportunity for me to be reflective and grateful when I write a preface for the 14th volume of the annual multi-disciplinary research journal named "Aureole—2022," published by the Research Cell of St. Stephen's College, Uzhavoor. This volume consists of 23 articles by young scientists, in which more articles are published than in the one before. I appreciate the time and effort that have been devoted by the different authors. I would like to thank our principal, Smt. Lally K. Cyriac, and bursar, Rev. Fr. Jins Nellikattil, for their never-ending support. Additionally, I would like to thank all the advisory board members, peer reviewers, and editorial board members who could draw upon their individual and collective knowledge and disciplinary backgrounds to advance its quality. I also thank the technical team on behalf of the research cell for including a creative layout in it.

Dr.SincyJoseph

Chief Editor
